01. GDP Foundation
the journey so far

GDP Foundation (Growth & Development Platform) is one of its kind Trust. This Trust is a spiritual, intellectual, emotional and social culmination of various initiatives undertaken by **"Ideaz Unlimited"** a consulting firm spanning over two decades.

Ideaz Unlimited is an enterprise that gave Goa many firsts to cherish. Some of them are:

- **Goa's first Goa CSR Awards - 2008**
- **HOPE - an initiative to revive Goan artists and art forms - 2012**
- **364 Days of Transformation Awards - 2016**

GDP Foundation aims at promoting cultural collaboration and to speed up working of community services in creating social start-ups, entrepreneurs fueled with instruments of CSR and philanthropy.

Our focus is clear - building sustainable ecosystem of supply & demand in the areas of Education, Agriculture and Health Care. We are building strong research based foundations, explains why Corporates, Community, Associations, NGOs & Government trust us.

Registered on 19th July 2019 in just 3 years the Trust has built capacity & capabilities of its 3 verticals.

SPEED : Social Platform for Engagement & Entrepreneurship Development

CSR INCUBATOR : Research based consultancy in CSR for corporates.

HOPEKART : Mega social interventions.

OUR VALUES

GUIDING VALUES OF GDP FOUNDATION

INTEGRITY

1) Highest levels of professional and ethical practices & standards in every program & projects we undertake, in our relationships with stake holders, vendors, partners, donors and sponsors.

2) Our processes and management will be transparent, and we will always disclose any potential conflicts of interest.

3) We will always create a work environment that helps all our stake holders both internally & externally to thrive personally and professionally.

ACCOUNTABILITY

With Integrity, Impact & Diversity we will be accountable to each other at GDP Foundation, to our vision - mission for our three pillar SPEED/CSR INCUBATOR /HOPE-KART, to our sponsors, donors, society at large, to the laws that govern entities like ours and to 'Make social systems work' ACCOUNTABILITY at GDP foundation is:

1) Building Social start up Incubators in Goa,India and worldwide in next 3 years.
2) To make CSR programs /projects thoughtful, purposeful and result oriented by providing state of art consulting services.
3) To build platforms for large scale community involvement for welfare based development.

IMPACT

With Integrity at our core, we will strive hard to create positive Impact to create a ecosystem of "Welfare based Development" with a sense or urgency but recognize that meaningful change requires sustained investment over time in those living and working closest to the problems. For this reason, we will focus on strengthening social start ups, thoughtful CSR and Community involvement. IMPACT at GDP Foundation is:

1) We make good on our promises by emphasizing ROI and ROTI in everything we do, when you partner with us.
2) Through research we will tap into our understanding of the evolving shifts to keep your work at the forefront of philanthropy.
3) We will innovate and adapt as we work with you to realize your objectives.

DIVERSITY

With Integrity & Impact, GDP Foundation's growth & development will always welcome the Diversity that is bought to the table. DIVERSITY at GDP foundation is:

1) To work with a broad range of clients, programs & projects, location, partners and communities.
2) To advocate for a variety of voices, views, experiences and ideas as we help bring your philanthropic vision to light.
3) Our commitment to diversity is reflected in our trustees, partners, beneficiaries who represent the communities in which we live, work and serve.

Ref : Parivartan Karo Na initiative

Dear Mr.ParagVelusker,

We are happy to note that GDP Foundation has launched '**Parivartan Karo Na**' contest cum internship initiative w.e.f 14th April 2020 to get curated ideas/well detailed solutions for several challenges due to Covid 19 and post lockdown economic revival.

I also understand that this is the first of its kind initiative in Goa and has got very good response which I deeply appreciate and congratulate to the Trust and 3 Goan start ups (Demerg ,Internship Station and Goa By Lane) .

The State Government will be more than happy to receive the hi-potential entries and will review for its adoption and implementation.

Wishing you great success

Thanking you

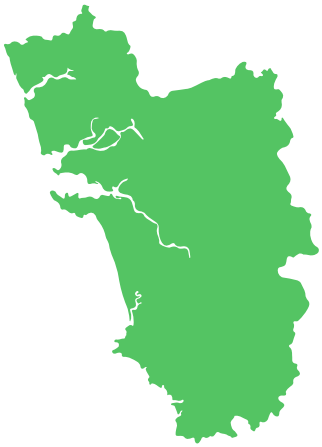
03. CSR Advisory & Consulting Services

BACKGROUND



Goa - Our Pilot State

The idea for CSR-Incubator was generated after observing and analysing the state of Goa.

- Mining has shutdown
- Tourism is all-time low due to COVID
- 28,000 Graduates pass out every year, out of which 60% are girls
- The majority of graduates are First Generation and come from an economically challenged background
- The rural youth is cut-off from the mainstream
- Poor digital connectivity
- Traditional jobs, livelihood, business opportunities are scarce
- 36 plus traditional Goan art forms are on the verge of extension
- The state has an 18% Geriatric population

Implications:

- Migration to metros /other states.
- Unemployment due to over-dependency on Tourism & Mining
- The exploitation of the human resource
- Largely untapped natural resources
- Under utilisation of Goa's strategic value
- Island effect - huge catchment area for demand untapped.
- Lack of collaborative and sustainable work systems
- Lack of research

BUT THERE IS A BRIGHT SIDE AS WELL

- Goa falls among India's 2 biodiversity zones India has
- It's a state which is one of the most popular destinations internationally
- Has the state-of-the-art seaport and seamless air connectivity
- The state houses IIT, NIIT and Asia's oldest Medical institute
- It is a Pharma Hub with more than 28 pharma companies
- Industrial estates with leading MNC's like Siemens, IFB, HLL, P&G, NESTLE, FINOLEX, COCA COLA, SYNTEGON, PUTZMIESTER, BERGER PAINTS etc.
- A State that had two legendary politicians holding the Defence & Ayush ministry.
- A state that has given artists of international fame
- Goa has over 100+ NGOs and 6000 Self-help groups

For GDP's CSR Incubator, Goa is a pilot project. By focing on the positives to overcome the negatives, we aim at carving a niche in the field of CSR pan-India and across Indian borders in the near future.

- It's a platform that aims at a much-required paradigm shift in the way CSR is understood, interpreted and executed in Agriculture, Healthcare & Education
- It aims at building synergies and symbiotic conduits between industries and communities
- It aims at bringing research-based sustainable solutions both for industries and communities
- It will offer industries a wide variety choice of programs/projects to pick and choose for their CSR investment
- It aims at factoring the socio-cultural-economic pulse of the region
- It aims at building programs/projects which will give meaningful livelihood opportunities to the community at the same value add industries
- It aims at rural youth by providing them access, training to emerging career options, employability and also make them responsible citizens
- It aims at building the capacity and capability of select NGOs

- Assured ROI & ROTI (Return on Time invested)
- Well researched programs /projects for sustainable impact
- Building a healthy, educated, skilled, cultured community - an asset to the Business ecosystem
- Making Rural youth focus on natural resources, professions grounded in the ecosystem and avoid crowding in unrelated professions
- Provide stimulus to Professional Institutes & build a platform for cross-functional problem solving& opportunities encashment
- Impact assessment and measurement
- A step towards building self-sustaining villages & talukas
- Focus areas – Agriculture, Healthcare & Education: the prime movers of economy/ GDP
